WORKS IN A POWER OUTAGE

SUMPIE SUMP PUMP SENSOR

Sumpie is more than a sump pump alarm. It monitors sump pit water levels in real-time and tracks sump pump performance for predictive maintenance. A backup battery and cellular connection enable 24/7 high water level alerts and power failure alarms for up to 3 days without electricity.

Receive notifications and alerts about sump pump events—wherever you are. Sumpie connects to a cellular network without a separate data plan, internet or WiFi connection.

Have peace of mind by knowing that your home or property is protected from leaks and flooding.

Power Requirements 5V DC, 2.0A max
Backup Battery Life 1-3 days depending on radio strength, usage and alarm severity

Cellular Carrier Rogers (Canada)
 AT&T / T-Mobile (USA)

Water Resistance IP67

Effective Range 2 in - 6.5 ft
 5 cm - 2 m

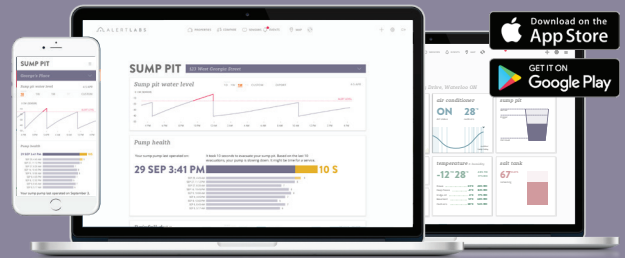

Dimensions 4 x 4 x 2 in (95 x 95 x 50mm)

Weight 9 oz (260g)

Miscellaneous Fits on standard 1.5" ABS pipe (49mm OD)

Suitable for conventional and sealed sump pump pits

Warranty 1 year limited warranty
