

When “New and Improved” Gets Even Better

Check out the latest features of ECCO Manufacturing’s Filter Bases

Our Latest Improvements:

- Knob has been removed and replaced with an integrated handle, creating increased strength in the door seal
- Finger notches moved to make it easier to remove or change out the filter, also allowing for notches on all sizes and models

Still Featuring:

- Spring hinges
- Magnetic latch
- Pre-drilled holes in flange for ease of installation
- Innovative leaf spring design that eliminates the need for filter slides and can accommodate a range of filter sizes
- Finger notches allow for quick and easy filter changes
- Heavy gauge frame construction
- Gasketed door – neoprene
- Gasketed bottom – neoprene
