RECHARGEABLE THERMAL IMAGER, TI250

The Klein Tools TI250 is an easy-to-use, USB rechargeable Thermal Imager. The large LCD displays unseen hot and cold spots for instant troubleshooting. Over 10,000 pixels deliver excellent resolution with your choice of three color palettes. The meter provides high and low temperature points from -4 to 752°F (-20 to 400°C), crosshairs to pinpoint specific temperatures, options for temperature alarms, and adjustable emissivity from 0.10 to 0.99.

- Over 10,000 pixels for excellent resolution
- Wide temperature range: -4 to 752°F (-20 to 400°C)
- Capture and share images with microSD® card (not included)
- Rechargeable Li-ion battery with micro-USB charging cable

Locate water leakage behind drywall and only repair the area affected by moisture
