

Phenomenal Aire

Cold Plasma Generator Technology

Cleaning Air Naturally

Have you ever felt invigorated, awake and alert while hiking on a high mountain trail, or while walking along the shoreline of an ocean?

Ions are essential to Healthy Living

Have you ever felt invigorated, awake and alert while hiking on a high mountain trail, or while walking along the shoreline of an ocean?

If you have, then you're already familiar with the beneficial effects and feelings associated with breathing air filled with high concentrations of ions. Ions are essential to the natural process of air purification. Ions are essential to healthy living.

The truth about Indoor Air Quality

According to the US Environmental Protection Agency (EPA), the air inside our homes is often two to five times more polluted than the outside air. On average we spend 90% of our time indoors. The air we breathe is filled with pathogens, odors, mold and fungus spores.

Phenomenal Aire

- Kills Viruses
- Kills Bacteria
- Kills Mold Spores
- Kills Fungus Spores
- Eliminates Allergens
- Eliminates Odors
- Breaks Down VOCs
(Volatile Organic Compounds)

Cleaning Air Naturally

Emulating nature, Phenomenal Aire Cold Plasma Generators (CPG) produce an electric field filled with highly charged ions. This electrified field is known as a plasma field. The ions created within the field act as a natural scrubbing agent for the air passing through the field.

Phenomenal Aire

Series R Cold Plasma Generator

Cleaning Air Safely

The plasma field generated by Phenomenal Aire is encapsulated within an air handler's duct work and there are no harmful byproducts. There is no detectable ozone generated during the Phenomenal Aire process.

- Safe
- Affordable
- Easy Installation
- Has no moving parts
- Has no planned replacement schedule
- Only requires simple periodic inspection & cleaning

Series R Cold Plasma Generator
Residential HVAC systems to 6,000 CFM

Series D Cold Plasma Generator
Residential Mini-Split HVAC systems

Applications

The installation of a Series R CPG is **easy, affordable and essential** to the production of healthy ions in your home. Phenomenal Aire is designed to be installed in a home's air handling unit.

YOUR CHILD'S HEALTH

Studies have shown that 7 million children (1 in 10) under the age of 18 have Asthma. Phenomenal Aire can help manage, minimize or even eliminate contributing factors that trigger asthma attacks.

SEASONAL ALLERGIES

35.9 million Americans have seasonal allergies. Phenomenal Aire can reduce or eliminate the triggers of allergies.

PET OWNERSHIP

An estimated 10% percent of the population may be allergic to animals.

Phenomenal Aire can reduce or eliminate the triggers of pet allergies: pet dander and allergens that collect in a pet's fur like pollen, mold, and dust.

How Phenomenal Aire Works

Phenomenal Aire creates a plasma field within a home's HVAC system. As air flows through the field molecules are charged, creating ions. These positive and negative ions then naturally scrub the passing air. The ions then travel on into the living space, where they safely kill mold, viruses & bacteria.

Example – A water molecule enters into the Plasma field as H₂O. It leaves the field as two Hydrogen and one Oxygen (Ions). The Oxygen is looking for an electron. As the Oxygen enters into the living space and lands on a virus, mold or bacteria, it pulls the electron (Hydrogen) from the virus, mold or bacteria, which kills it.

Once there is no more mold, virus or bacteria to kill, the Oxygen and Hydrogen Ions become simple molecules again ...like H₂O.

Removes Odor

Odors and VOCs enter the Plasma Field and are broken down into simple molecules like Nitrogen, Carbon Dioxide, Hydrogen, H₂O, Water Vapor & Oxygen.
